Too cool for school

You've always wanted to be popular in school. You've dreamt a thousand times what it would be like to be the star of your school's football team or that tall blonde girl who everyone fancies.

'Cool' people are attractive, confident and always wear stylish outfits. Everyone wants to hang out with them. But often "cool" people aren't very nice! They can be selfish and bossy. At times they get impatient with people who might be shy or a bit quiet.

If you really want to make some true friends, here are some tips. Don't choose friends based on looks. What really matters in a friend is not being slim and beautiful but reliable and generous. Choose friends who are humorous, talkative and who never treat others badly. In fact, these are the people who are truly cool! Try to choose friends that you can actually benefit from. Those who are creative and have interests other than fashion and parties.

Be flexible but don't say or do things that make you feel uncomfortable just to make 'cool' people like you. Always speak your mind. Those who really care for you will still be your friends- even if at times you drive them crazy. Remember: real friends are those you can open up to. Those who will hold their tongue and will never give away your secrets.

Take a minute and think. What really matters? Making friends that count or counting friends?

1. Popular kids in school are often selfish and bossy. _____
2. It is better to hold your tongue and never speak your mind or you will end up all alone. _____
3. You will benefit more from having one friend who is creative and interesting than having ten who are boring. _
4. A true friend will care for you even if at times you get on their nerves. _____
5. "Cool" people are usually ugly. _____

A symbol of Paris

Being one of the most popular sites in the world, the Eiffel Tower attracts hundreds of thousands of tourists every year. In fact, the structure, received its two hundredth millionth guest in 2002. Located on the Champs de Mars by the Seine River, visitors can make their way to the top and admire the breathtaking view of Paris.

The Tower was the inspiration of French engineer Gustave Eiffel. A very famous personality in his time, Eiffel had also done important work for the internal structure of another famous monument, the Statue of Liberty in the USA. Work on the Eiffel Tower began in 1887 and lasted until 1889, when the building was opened to the public during the Paris World Exposition. Until 1930 and the construction of the Chrysler Building in New York, the Tower remained the highest structure in the world.

Many people, especially artists, criticised the structure saying that this distasteful structure did not fit in with the beauty of Paris. One of these critics was the French writer Guy de Maupassant, who ate at one of the tower's restaurants almost every day, because it was the only place in Paris from where the tower was not visible, and so he wouldn't have to see it!

A lot of effort and money go into keeping the Tower in good condition. Every seven years, sixty metric tons of paint are used to repaint it. Different shades of the same colour are used on the top and darker ones on the bottom in order for the building to have an unvarying appearance.

1. Gustave Eiffel also built the Statue of Liberty. _____
2. Guy de Maupassant didn't like the Eiffel Tower. _____
3. Over 2 million people have climbed the Eiffel Tower. _____
4. It took 5 years to complete the Eiffel Tower. _____

3. Fill in the gaps with the following words: *Knowledge, atmosphere, information, centuries, computers* "Television, computers, books"

As far as books and computers are concerned, I can say in my firm confidence that computers will never replace books. First because they fulfill different functions. It's true that both books and computers contain (1)_____. But one computer is worth the whole library. So perhaps, computers will replace reference books because it's quicker and easier to find the necessary information in the computer than in reference books.

But I'm sure computers can't be compared to fiction. Historical novels, adventure books, detective stories, science fiction, romance, poems, recommended by teachers create a special (2) _____. They take us into the imaginary world of high human emotions, exciting relations. A computer can help you in reading these books without turning the pages but working on the computer demands certain effort. You are to sit straight, not to stoop; you keep your finger on the keyboard. Besides (3) _____ have a harmful impact on the eyesight. In my opinion, it's impossible to read "War and Peace" on the screen. We'll lack something important: the invisible contact with the writer who speaks with us from the past (4) _____.

As to TV, its role is expressed in the proverb, "It's better to see than to hear". Paraphrasing it we can say it's good to see after you have read. Screen versions of literary masterpieces add much to our understanding the author and arouse unforgettable emotions. But books are the greatest wonders in the world, which brings us (5) _____ and bring us up. Through centuries and distances we can keep in touch with the greatest minds in the universe.

4. What facts are true? What facts are false?

- 1. Serious newspapers are about national and international events. _____
- 2. Serious newspapers have a lot of pictures and short articles. _____
- 3. Local newspapers give information about events in some area. _____
